

Badgers Daily Routine

In the Badger room, the children learn and develop in a secure, welcoming environment which has a home from home feel. To ensure your child's first experience of Nursery is enjoyable, we take special care and time to get to know the child and parents' needs, wishes and preferences before starting in Badgers, to plan their day around a routine they are used to following.

The routine in Badger room is completely flexible to suit the individual needs of each child.
