

Hedgehogs Daily Routine

In Hedgehog room, babies learn and develop in a secure, welcoming environment which has a home from home feel. To ensure your child's first experience of Nursery is enjoyable, we take special care and time to get to know the child and parents' needs, wishes and preferences before starting in Hedgehogs, to plan their day around a routine they are used to following.

The routine in Hedgehog room is completely flexible to suit the individual needs of each child.
